Whether it is finding a job, a place to live, a mentor, recovery support, health care, or an encouraging environment - this guide is a good place to begin the reentry journey.

Please note that there are “**RECOMMENDED PLACES TO START**” in each district. These are organizations that will help you connect with other resources in the community.

Many thanks to the Iowa Department of Corrections and DOC Services/parole staff for their assistance. **We welcome any additions and/or clarifications.**

Owning Your Journey: A planning guide for starting over after prison in Iowa

Some of the wisest advice given when a person first gets to prison is, “Don’t waste this time.” While incarcerated, you have the opportunity to make a solid, detailed plan for your return into society. This planning guide is designed to aid you in your eventual success upon reentry. However, because no situation is the same, it is up to each of us to make our own plan.

A. **Start with Your Dreams** (What would happiness and contentment look like for you?)

- What is the job/career that you really want?
- Where would you like to live if you could choose?

B. **Steps towards Achieving Your Dreams**

KEY POINT: *It is hard getting accurate community information while in prison. The state-wide resource guide “**First Stop After Prison**” is available in every institution. Ask to see it!*

DIRECTIONS: On a separate sheet (s) of paper, write a detailed description for each item (#1,2,3).

- 1.** Identify and list **support people/organizations** in your community
 - These could be family, friends, sponsors, health care professionals.
 - Also, think of people or places you should avoid.
 - Include substance use and mental health support if needed.
- 2.** List **work/employment** possibilities
 - Think broadly and include employment services like IowaWORKS.
- 3.** Describe your **living situation** choices. (It is helpful to have **more than one** option.)

HELPFUL STRATEGIES:

- Make a ‘short-term’ list of goals. (e.g. Find a job by Friday. Get an ID. Exercise twice this week...)
- Make a ‘long-term’ list of goals. (These are things that will take time to achieve.)
- The first 3 days out of prison can be the hardest. Write a detailed plan of what you will do during those first three days.

Letters DO Make a Difference

Here is the basic format for writing letters. A letter (hand-written or typed) tends to be taken more seriously than a phone call. Most organizations prefer to be contacted with a letter. Be upfront about your situation and why you are writing.

Contact Information (where you will be able to receive letters)

Your Name, Your Address, Your City, State, Zip Code

Date (Today's Date)

Contact Information (the person or organization you are writing to)

Name, Title, Company, Address, City, State, Zip Code

Greeting

Dear Mr./Ms. Last Name (or name of organization),

Body of Letter

The first paragraph of your letter should provide an introduction as to why you are writing so that your purpose is obvious from the very beginning. ("I am writing because...")

Then, in the following paragraphs, provide more information and specific details about you (e.g., date of release, location) and your request or the information you are providing. You can describe your situation, but try not to dwell on the past. It is helpful to talk about how you have changed and your plans for the future.

The last paragraph of your letter should state again the reason you are writing and thank the reader for reviewing your request. If appropriate, it should also politely ask for a written response or for the opportunity to arrange a phone call to further discuss your request.

Closing

Best regards (or Sincerely,)
